Visitor Gate Operating Instructions

There are two ways the visitor gate can be opened:

A visitor can stop at the call box at the visitor entrance lane and using the "A" or "Z" buttons, locate the last name of the resident to be visited. When the name is selected, the visitor presses the "CALL" button. A phone call is placed to the resident, who can answer the phone. The visitor can converse with resident using the call box, and the resident can open the visitor gate by pressing 9 on his telephone key pad. If the resident does not want the visitor to enter, the resident can press the star button (*), or hang up and the call box will be disconnected.

If residents do not have their key fob with them, residents can enter the community by using the visitor gate call box. In this instance the resident presses the pound or number key (#) on the call box followed by the last four digits of the phone number that is on record. The gate will then open.

PRESIDENT - STEVE STATZ

The summer recess in business activity ended this October with a special Board meeting that approved the Finance Committee's recommended budget for next year. The new maintenance fee will be \$200 per month beginning January. The increase is due largely to the increased cost of services and an increase in the amount we are saving for our replacement reserve. We started increased contributions to this reserve last June as a result of our auditors' recommendation, following the Engineer report on the cost of replacement of our various assets.

The special meeting was followed by Candidates' Night, where the candidates for the two openings on the Board had the opportunity to present their ideas on what they would like to see if they were elected. On October 28th the community elected Allen Goldstein and Stephen Fischberg to the Board with a total of 159 of the 232 households voting.

The Robertson Douglas Group through Matt Halloran has been in contact with us to begin working on some of our transition items. It was proposed to start on some of the concrete work for sidewalk and driveway apron replacement. Concrete requires a minimum of 90 days to cure to limit salt damage. The Board has requested the concrete work be delayed until after the snow season. If our roads require salting this winter, there is insufficient cure time. Our final punch list is expected to be transmitted to the builder by the second week of November.

The gates for our community have been repaired by volunteers from our Property Committee. These repairs as well as those accomplished by the Clubhouse Committee have saved us thousands of dollars. Please consider sharing your talents and help our community by joining one of our committees. Examples of the service provided by our volunteers include the Social committee that arranges such diverse activities as dinners, dances and presentations throughout the year, and the Landscape Committee whose efforts have beautified our campus and increased the attraction of living in Enchantment. Sally Ashmen and Rosina Cifelli have been doing an outstanding job of keeping our key fobs serviced and assuring that we all have access to the clubhouse. Committee signup sheets will be available in the fall at the clubhouse. Volunteering is

a great way to meet your neighbors, keep our expenses down, and help us all to "Live the Dream".

The final testing stage for our gates will begin soon. The instructions for how to operate the visitor's gate appear elsewhere in this Chant. The final testing will begin with the visitor gate being closed and the resident gate remaining open. We request that you use the visitor gate during the testing period, so we can determine if there are any errors in the system, and to help you understand how the gate works. At the end of the test period, the resident gate will be closed from 10PM to 5AM, until the Board can address how to provide access to our community vendors, such as FedEx, post office, landscape, garbage, snow removal etc.

As we have done in the past, the November Board meeting will not be held because of Thanksgiving. The December meeting will be held in early December.

VICE PRESIDENT - TONY GAMBINO

The duties of the Vice-President shall act in the place and stead of the President in the event of the President's absence or inability or refusal to act, and shall exercise and discharge such other duties as may be required of him by the Board.

I have served just over one year as your Board Vice-President and have found it to be both rewarding and frustrating. Rewarding because so many of our residents serve on committees or volunteer their time to continue to help us "Live The Dream" here at Enchantment At Hamilton. Frustrating because of the many problems we have encountered once Robertson Douglas left. Some of our vendors do not respond in a timely manner and transition has been slow to get off the ground for various reasons. I have worked with the other Board members as we try to stay on top of all aspects that pertain to our community.

As liaison for the Clubhouse Committee I have been instrumental in obtaining written assurance from our insurance agent, that any member of our community is covered by insurance when performing duties approved by the Board. This applies to both committee members and volunteers. As a result, a sub committee for maintenance was approved as part of the Clubhouse Committee. The four men on this committee saved

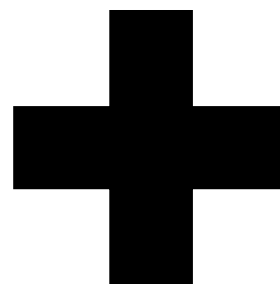

us several thousand dollars by caulking patching and painting practically the entire interior of our clubhouse and performed other maintenance as needed.

I also am liaison of the Covenants Committee which worked long and hard to clarify and bring our rules and regulations up to date in order for us to live in a civilized society. These rules have been presented to the Board for their review.

As a Board member I have attended many other committee meetings.

I have worked with our Board and insurance agents to ensure that we close any gaps that we may have had in our coverage in order that we will be protected for any issues that arise in the future.

I thank you for your support. In the coming year I will continue to perform my duties to the best of my ability so that I can help us all to "Live The Dream."

EMERGENCY SERVICE SAM VERONA - PROPERTY MANAGER

For those of you who might be new to our community, please be sure to keep the emergency service number handy for emergencies that might come up when the Association office is closed. The emergency service phone number is 1-866-413-9850. Once called, the operators on duty will page me and provide the details regarding your emergency. PLEASE keep in mind that only true emergencies will be handled. A true emergency is considered any issue where there is imminent threat to the community.

Please remember to keep this phone number handy should you need assistance in an after-hours emergency.

SECRETARY - JEFF SCHENKER

By the time you read this, our annual election will have taken place and a new board formed. I'd like to congratulate Allen Goldstein and Steve Fischberg on their election to the HOA board and look forward to working with them. While two new members have joined the board it also means that two have left. On behalf of the new board and the entire community I'd like to thank Larry Guest and Tony Scalcione for their service. The time and effort that they put in to help maintain and improve our community is much appreciated by the other board members as well as the entire community.

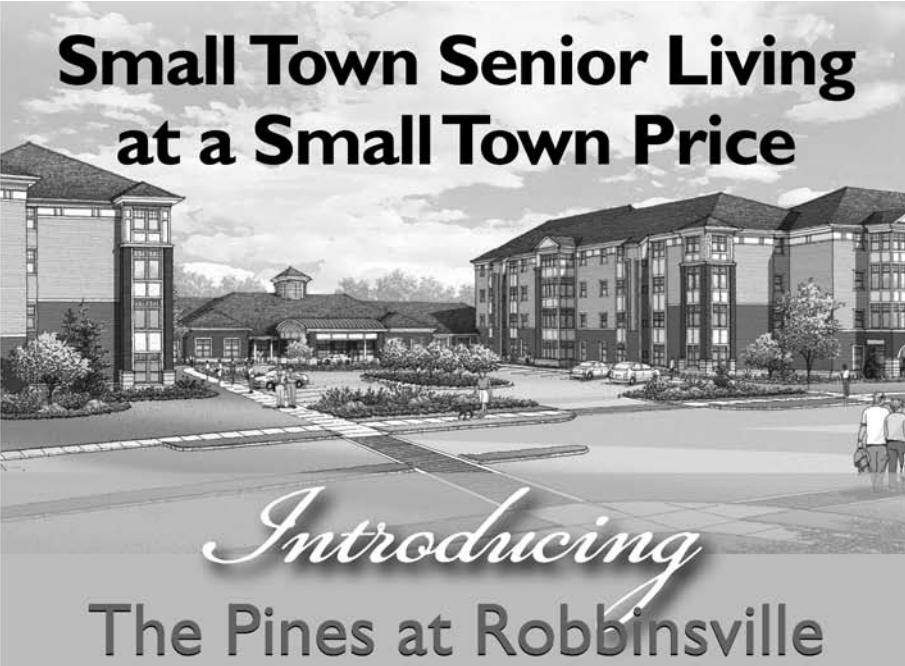

Since Robertson Douglas left us, we are now responsible for maintaining our property. Unfortunately, this costs money and the board had to discuss and decide what should be done to keep our property the premier community in Hamilton Township. Among other things, we painted the pergolas, repaired the dormers of the clubhouse, cleaned out the retention basins, restored the power to the gates, cut down a number of large trees on our property that threatened homes, repaired the roadways, and fixed the exercise equipment.

In addition, as most homeowners know, the 2010 board inherited and had to deal with two lawsuits against the community. We incurred legal fees in order to get our current insurance carrier to provide us with a defense. We have settled one case and the other one is ongoing.

As we enter 2011 the biggest issue facing us is transition. This has been a long and frustrating process. We have our engineering report and are ready to meet with RDG. Hopefully we can get the ball rolling and start seeing some long overdue items taken care

of by the developer.

Lastly, sign up sheets for 2011 committees will be set up in the clubhouse. All committees serve a vital purpose in running our community and I urge everyone to consider signing up for one or more. Some committees like the Social Committee and Hospitality help us make Enchantment more than just a place to live. Others, like Clubhouse, Property, ACC, and Landscape help maintain our community. Finance puts together a budget and helps monitor those finances. While the pay is lousy the payback can be substantial. It really does take a village. SIGN UP!

Small Town Senior Living at a Small Town Price

Introducing
The Pines at Robbinsville

Have it all – in Mercer County!
An excellent location, an active lifestyle, the area's best value in retirement living, and the security of on-site assisted living, memory care and other supportive services, if ever needed.

Retire near family and friends and everything the town has to offer! Our future 16 acre site – to be developed at the corner of

Gordon Road and Route 130 – is part of an exciting, planned multi-generational village with a variety of residences, eclectic shops and eateries, similar to "Town Center" in Robbinsville.

Enjoy the care-free, retirement lifestyle you've always imagined – at a moderate, affordable cost.

Proposed to open in Fall 2013.

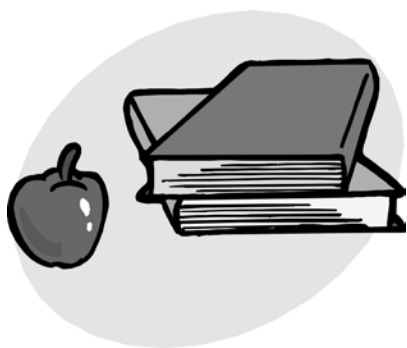

Reserve now for the best pre-construction pricing and selection. Call today or visit the Information Center: 877-251-5005 www.thepinesatrobbsville.org

COMMITTEE REPORTS

Architectural Change Committee

Terry Bean, Chair

The ACC has been holding its regular meetings and applications have slowed down with the approach of winter. Since there was only 1 application this month it would seem that the current committee will have had it's final meeting for the year.

Clubhouse Committee

Kathy Platt, Chair

The clubhouse committee was very busy this quarter with a few projects. At the suggestion of one of our members we requested Wentworth to contact PSE&G and set up a service contract on the heaters and air conditioning units for the clubhouse. This was done a few months ago and has already been used. There was a problem with a unit that controls the heat and air conditioning in the card rooms. PSE&G repaired the problem under the maintenance contract. During the time the maintenance agreement was being set up we contracted with a HVAC company to balance the systems. They found the problem with the unit for the card room. We then requested Wentworth to request the repairs to be done by PSE&G. This should cure some of the air flow problems that we have been experiencing in the building.

We have been discussing the possibility of putting blinds on the windows in card rooms. We are currently getting prices before any decision can be made. Members of the Enchantment community have been requesting something be done with the windows since they are the only ones in the building that do not have some form of sun shield. It would also be nice to have privacy for the card players in the evenings.

Our cleaning contractor is doing a great job cleaning clubhouse.

At the last clubhouse meeting it was decided by all

members that were present to merge the clubhouse maintenance committee with the properties committee. The clubhouse maintenance committee did a fabulous job with many projects that they completed in the building, such as caulking, painting, and repairing items in need. This was a great cost saving to our community.

Covenants Committee

Ted Furman, Chair

In August, the Covenants Committee submitted an updated set of rules to the Board for their review. Our objective has been to update the rules to more accurately reflect changes which have taken place since the current Rules were published in August 2007. It has not been our intention to completely rewrite the rules. That said, much of what was originally in our rules was drafted in the early days before we had a history with using our facilities and before we had experience governing ourselves as a community. Indeed, the first rules were drafted before our Clubhouse even opened so that some framework would be in place when people started using our facilities. Revisions fall into four (4) basic categories:

- 1) Rule changes approved by the Board since August 2007;
- 2) Rule amendments suggested during this committee's 2010 discussions with other relevant committees (Social, Clubhouse, Pool, Judiciary, and other Committees took the time to provide us with their own updates);
- 3) Rule clarification where the original language was unclear, or where the rule is no longer relevant;
- 4) Additions regarding items like key fobs, snow removal procedure, and the like, which have arisen over the past couple of years.

In addition to a revised set of rules we also provided some suggestions on archiving rule changes which are approved at Board Meetings and General Meetings so as to facilitate future updates to the rules document. We have also made suggestions regarding consistent use of our vendor policy. Finally, we are putting the finishing touches on a 'best practices' pamphlet designed to capture best practices and missions of committees to serve as a set of guidelines for new committees and new committee members each January.

I would like to thank all of the members of the Covenants Committee for their hard work and lively discussions this year. I would also like to thank our Board Liaison, Tony Gambino. And a special thanks to co-chair, Renee Guest, who worked tirelessly on capturing all of our thoughts and ideas through numerous iterations into the revised rules document we finally submitted to the Board. The review of the revised rules is ongoing by the Board.

Finance Committee

Ken Prizeman, Chair

The finance committee has been very busy the last three months. We worked on the 2011 HOA budget which was submitted in September to the board for their approval. We were glad to see that the budget that we spent many hours working on was approved without any major changes. The committee would like to thank the Landscape, Clubhouse, Pool, Property and Transition committees for their input and help in the preparation of the 2011 budget.

Allen Goldstein and John Rooney representing the finance committee visited Wentworth's office to review their procedures and internal controls. Allen and John were satisfied as to Wentworth's system and the procedures that they use to prepare Enchantments monthly financials.

The finance committee would like to thank the previous board for all they have done for the community during the past year and we are looking forward to working with the new board and new treasurer.

Hospitality Committee

Audrey Frischer, Chair

Arlene Petruska, Vice-Chair

The Hospitality Committee has had a busy year offering its support to the Enchantment Community residents and committees. The members of Hospitality gave their time and energy to the community without fanfare or notice; each member deserves our thanks for a job well done.

~ sign-ups for social events and presentations were facilitated;
~ key fob issues were handled and a new key fob battery service was started;
~ the community library was maintained in a first-rate condition;
~ residents suffering from illness or a death in the family received a note of caring and concern through Hospitality's Sunshine subcommittee;
~ the Hospitality Desk was staffed twice weekly to fulfill the above duties.

This committee needs more volunteers. The obligation includes attending one meeting every two to three months and working at the hospitality desk for one hour a month. Please, consider joining the Hospitality Committee in the upcoming year.

Once again, thanks to all of Hospitality's members for another outstanding year.

Landscape Committee

Lorraine Bean, Chair

The Landscape Committee is wrapping up for the year. The summer season was a real challenge, but all in all, LMS, the new Maintenance Contractor, did a great job. The Community looks in good shape going into winter.

Speaking of winter, perhaps we should do a "Forbidden Snow Dance" and hope this one coming is not a repeat of last year's. Though we didn't find ourselves out there shoveling the white stuff, (because we live in the "Enchanted Land"), last year's snow removal budget is not what we hope to encounter again.

Pool Committee

Stephen Fischberg, Chair

The **Hot Summer** has passed and your Pool Committee hopes all our residents and their guests had a great time at our pool. Here's a little recap of what took place this summer. We had three events: the Opening Bagels and Coffee get-together, the July 4th Hot Dog Extravaganza and the Labor Day End of Summer Hot Dog Day, all of which were very well attended.

It was necessary to replace some umbrellas due to wind damage. The broken 7 foot umbrellas were replaced by 9 foot ones to give more shade.

We had a great turn-out at the pool with 140 homes taking advantage of this great resource. There were 2,542 people who signed in at the book maintained by the life guards, of those 1714 were residents, 310 were guests over 19 and 518 were guests under 19.

Have a healthy winter and we hope to see you all next summer. **Social Committee**
Dee Gambino, Chair

Well---the second half of our Social Calendar was to have started on September 19th. A Fall Festival with all of the "good and fun things" was planned and should have been an "up" experience but "fall" it did. No sense in looking back, we prefer to look ahead---ahead to the "good and fun things" that we have planned.

First, we would like to thank you for the great turnout for the flu shots, 115 residents. Second, we would like to thank The Hamilton Township's Department of Health for providing these shots free of charge on our own premises. Your attendance was gratifying to them.

The Children's' Halloween Parade was a big success---the weather was perfect and the children were perfectly grand in their costumes. They were so happy to get all of your goodies on the parade route---parade inside the clubhouse ---get more goodies and watch a Sponge Bob

Halloween Film. The committee under Head Witch RoseAnn turned the clubhouse into Halloween Heaven and even had treats for the "BIG KIDS". The charge for the event was a nominal fee of \$1.00 per child. The balance of the expenses was subsidized by the Social Committee.

We have two presentations, both of which will definitely be over before you get the Chant. October 27th--- we have Dr. Mark Magariello who will give info on his Urgent Care Facility. November 1st--- the Crime watch Committee will be introduced by Detective Fabian and procedure information will be passed out.

The Chuck wagon Gang rolls into town on Sunday, November 14 from 5PM to 9PM. A Chili Cook-off will be held with a supper following the voting. A western theme will prevail with country food and music. A bit of gamblin' will take place at the BIG "E" SALOON--pick your horse and play the 50/50.

Casual western wear will get you in along with an admission fee of \$10 per person. Come on out for some good old fashioned fun.

Our Annual Holiday Party is December 4th at Mercer Oaks. Invitations are out and reservations are due by November 20. Everyone is guaranteed a "feel Good" evening. Good food, good music, good friends and unlimited wine and beer. Hope to see all of you beautiful people there.

The finale is the New Year's Eve Celebration. Details will be out in November. Save that date!

Anyone having suggestions for events that you feel that our residents would enjoy in the coming year, may give them to a member of the Social Committee.

As ever we want to make you happy and keep you informed. In order to accomplish this, we need your support. Are you with us?

CLUBS

Active Adult Club

Ronna Wybraniec - President

The annual meeting and election of Officers was held on October 20th, 2010 at 7:00pm in the Community Clubhouse

The Officers elected for 2011 are:

Ronna Wybraniec - President
 Mary Ann Walter - Vice President
 Sally Ashmen - Ass't. Vice President
 Rita Gore - Secretary
 Guido Giannotti - Treasurer

The hand railings were installed the week of September 20th, providing further safety in accessing the Clubhouse via the parking lot entrance.

Bingo and the 50/50 raffle will continue to be held thru 2010. We hope you will continue to support these functions.

As 2011 will be upon us in just two short months, look for our schedule of bingo dates.

Our next bingo is scheduled for Friday, November 19th. Also included in the November bingo will be a raffle of a turkey or two. Doors will open at 6:15pm with games starting at 7:00pm.

Due to the success of our Super Bowl Raffle last year, which was sold out within three days, we will have two

Super Bowl Raffles: one for \$5.00 per square (\$400.00 in prizes), and one for \$10.00 per square (\$800.00 in prizes). THE ACTION AND \$\$\$\$\$ DOLLARS \$\$\$\$\$ will double.

Sales of Super Bowl squares will begin in January, 2011 during Hospitality Day hours: Tuesdays 11am to noon and Thursdays 7:00pm to 8:00pm.

We, the Officers of the Active Adult Club Thank You for your continued support and wish all a Happy Thanksgiving and Holiday Season

Knitters and Crafters Club

Sara Levitt and Dianne Neveras, Chairs

We would like to thank everyone who participates in our Knitters and Crafters Club for making it such a successful activity in our community.

This month we have again completed many projects as you can see by our pictures. We are so happy with our completed projects and enjoy getting together as a group. We also had our candy making this month under the supervision of Roseanne Carbonara who volunteered to stock our supplies. She was aided by Sharon Rutkowski. Thank you again Knitters and Crafters for a job well done.

Enchanted Ladies Group

We are a loosely formed group of women at Enchantment that want to have some fun activities during the daytime. All of our activities are open to all women living here! We publicize these using the Enchantment e-mail from the web site.

Following a short summer hiatus, we had a welcome back "Fall Tea Party" on Tuesday, October 12th. This was well attended by women from the whole community. We all enjoyed table hopping and sampling sweets and "tea savories". It was fun to see everyone catching up or meeting a neighbor they had never met before.

We thoroughly enjoyed our "Soup and....." lunch on November 3rd which we had at the clubhouse. The homemade breads and soups were delicious! We are planning a trip to the Laurita Winery on the 12th of November and, a trip to Longwood Gardens as well as some lunches in local restaurants, and hopefully a State House Tour.

Sharon Weiner is co-coordinating games in the card room on Thursday afternoon. They have been lots of fun for the participants. Games start at 1:00 in the larger card room. Come any Thursday afternoon you are available for fun, good conversation, a stimulating game and laughter!

Come join us for all of the activities or just one, cause as the song goes "Girls just want to have fun"!

See pictures on page 12

Enchantment Phantom Investment Club **("EPIC")**

Allen Goldstein, Chair

What are alternative energy sources and would they be a good investment opportunity for you? What are master limited partnerships ("MLPs") and exchange traded funds ("ETFs") and what advantages do they offer to you as investors? These questions were addressed at EPIC's August and September 2010 meetings.

At the August meeting, our community resident scholars on alternative energy sources, Sandie Simpson and Steve Statz lead us in a discussion of both the positives and negatives of various alternative energy sources and their likelihood of generating attractive investment returns should they be added to the EPIC "play money" investment portfolio. At the September meeting, John Bartolino introduced us to MLPs and we discussed why these securities offered both attractive distribution rates and price appreciation opportunities. We also discussed how an ETF would enable us to invest outside the United States.

Our October meeting was deferred as a number of members were not available during the first week of October and more importantly, we are investing aggressively and needed to defer investing for one month to get back on schedule with our plan to invest "play money" of about \$10,000 per month. At October 31, 2010, the EPIC investment portfolio includes a Chinese company, Brazilian companies through an index ETF and US companies that provide domestic and global products and services such as consumer products, energy transmission services, financial services, health care technology, industrial products, pharmaceuticals, public utility services, and telecommunication services. Many of these companies provide attractive dividend yields as well as price appreciation opportunities. Since we started investing at the beginning of June through October 31, our total return is 8%. Our 2 buys at the beginning of September and the entire portfolio performed well during September and October. We likely benefited from the best October stock market in four years. At the beginning of September the portfolio

had a small loss from June when we began and we recognize that prices go up and down so we have a lot to think about in order to sustain the portfolio's growth and income in the future.

Should you be interested in learning about EPIC and its mission to learn about investing, please attend a meeting. We normally meet the first Tuesday of the month in the clubhouse at 7pm. Alternatively, you can speak with any of the core members of our club; (there are about 20 members who are on our distribution list); the core members have attended many of our meetings. They are John Bartolino, Roseann Carbonara, Dominick Chianese, Ellie Friedberg, Allen Goldstein, Stuart Goss, Gary Johnson, Dan Nitka, Chris Pontani, Sandie Simpson and Jill Weinberg.

At future meetings, there are plans to discuss commodity, currency, derivatives and real estate investing as well as comparing long-term investing to trading for short term profits. Should you know of any members of our community or anyone else who are knowledgeable on these subjects and are willing to discuss them with us, please contact Allen Goldstein by email at amg_56@hotmail.com or by phone at 609.931.0651.

AN IMPORTANT MESSAGE FROM YOUR WEBMASTER MARK MALESON

The easiest way to communicate community related things is through the enchantmentathamilton.org web site. The site provides several ways to email ALL, email SELECTED, email members of committees and email the board (which includes the management company).

Of the 232 houses in our community there are 27 that have not provided an email address. There are 18 houses that have provided neither a telephone number nor an email address.

Currently 62 of our registered email addresses use an AOL email address. Many times these 62 email users do not get the intended information. The message that is consistently returned to me indicates that the AOL mail service is not available. This doesn't happen all of the time to you AOL users, but practically NEVER happens to any other email address.

My suggestion to the AOL users would be to establish a second email address through Cablevision/Verizon or another web based email provider. We currently have 80 registered OPTONLINE email addresses and 15 VERIZON email addresses. There are 31 YAHOO email addresses, 8 MSN, 8 GMAIL 10 HOTMAIL and a few that are probably work or business related. The point here is that there are many free email providers that would give you the opportunity of being in contact with others in our community more of the time.

If your e-mail address changes, for example, due to switching from CABLEVISION to Verizon, please email me at mmaleson@optoline.net so that I can update our homeowners list. Also email our management company so that they can change their records.

I do understand that for those of you that have been using AOL for a long time that you might not want to switch, so my suggestion is to keep your AOL email address and open a second email account with another provider. Tell us what your new email address is to change our Enchantment database and then check your new email account periodically to see if there is any enchantment news.

CRIME WATCH REPORT TOM SIMPSON/COMMANDER

The semi-annual meeting of the Enchantment crime watch program for the Enchantment community was held on November 1, 2010.

It was presided over by detective Steve Fabian who gave an accounting of incidents which occurred in the surrounding area. There were no incidents from Enchantment.

Commander Tom Simpson introduced the crime watch committee and explained the mission statement and procedures. Informational literature was available for the attendees.

The problem of hunters who frequented the wooded area behind Amalfi Drive was discussed. Detective Fabian promised that they would find a solution to this problem.

The next Crime Watch meeting will take place in 6 months.

THE MEDICARE COUNSELOR SEPTEMBER/ OCTOBER 2010

Starting in October 2011 the Fall Open Enrollment will have different dates. It will run from October 15 to December 7. A person with Medicare will be able to switch their health coverage and add, change or drop drug coverage during the Fall Open Enrollment. Changes made during this period become effective January 1.

Fall Open Enrollment	Medicare Advantage Disenrollment Period	Fall Open Enrollment	Medicare Advantage Disenrollment Period
November 15, 2010–December 31, 2010	January 1, 2011–February 14, 2011	October 15, 2011–December 7, 2011	January 1, 2012–February 14, 2012
Changes made during this time go into effect in 2011	Changes made during this time go into effect in 2011	Changes made during this time go into effect in 2012	Changes made during this time go into effect in 2012
